

Research in Congenital Heart Disease

CALL FOR RESEARCH PROPOSALS

The Children's Heart Foundation calls upon all investigators to submit clinical research proposals on congenital heart disease by
June 8, 2012

The Medical Advisory Board of The Children's Heart Foundation will review the proposals by late Fall 2012
Those recommended will receive funding in December 2012.

Investigators should contact
The Children's Heart Foundation
for an application, or download an application from our website
www.childrensheartfoundation.org

Research proposals must be submitted in WORD format with an abbreviated CV.
Please include any published work in the research proposal area.

Research applications must be submitted via cd/disc and be accompanied by a hard copy of the application with original signatures.

(NOTE: Investigators currently receiving CHF funding are required to wait 1 year (12 months) before submitting additional research proposals for funding consideration)

For more information, please visit us online or contact
The Children's Heart Foundation
Phone (847) 634-6474 ♥ Fax (847) 634-4988

As The Children's Heart Foundation continues to grow,
it will strive to fulfill its mission:

**To support research toward discovering the
cause and improving the methods for diagnosing, treating, and preventing
congenital heart defects.**

To receive a copy of the grant application in WORD format, please contact Rosemary Wheeler
(rwheeler@childrensheartfoundation.org).
