

**Change My Heart** is our change collection fundraising campaign. This fundraiser is a fun and easy way to raise much needed funds and awareness for congenital heart defect (CHD) research by collecting donations at your school, workplace, stores and restaurants in your community, and more!

**When:** Any time throughout the year!

**Where:** Anywhere you choose!

**Why:** The Children's Heart Foundation is a 501(c)(3) tax-exempt charitable organization solely committed to funding congenital heart defect (CHD) research. CHDs are America's most common birth defect; approximately 1 in 110 babies are born with a CHD every year in the U.S. Our mission is to fund the most promising research to advance the diagnosis, treatment, and prevention of CHDs. The money you collect will help CHF fund research that positively impacts all CHD patients.

**How to Get Involved:** Contact [info@childrensheartfoundation.org](mailto:info@childrensheartfoundation.org) to let us know that you would like to take part in the fundraiser. Then all you have to do is collect donations at the location of your choice! This fundraiser can be as simple or creative as you'd like to make it.

We can also supply you Change My Heart paper icons - 4"x 5.5" sheets of paper which, for a donation (we recommend setting the cost between \$1 and \$5), donors are able to write their names on. The hearts can then be hung all over your storefront, bulletin board, classroom, or windows. These are great for businesses, local shops & restaurants, and in schools!

Join us as we collect donations to change a heart!  
Even your spare change can make a BIG difference in the lives of those impacted by CHDs.
